

MANIFESTO OF SOLIDARITY AND COLLABORATION

We, the undersigned, unite to present this manifesto of solidarity and collaboration, outlining our shared platform of government, collective actions, and guiding principles as we undertake our electoral journey together. Our collaboration is driven by our mutual commitment to address the urgent healthcare needs of every citizen and confront critical healthcare challenges. Through this manifesto, we aim to strengthen our focus on the following:

I. SHARED VISION AND PLATFORM OF GOVERNMENT

We envision building a healthcare system that provides every Filipino, regardless of socioeconomic status, access to quality medical services. We are steadfast in our goal to deliver accessible and quality healthcare. To attain this shared vision, we commit to:

A. Expand Healthcare Access for Low-income Families

We are dedicated to ensuring that no Filipino living below the poverty line is denied the healthcare they need due to financial barriers.

B. Modernize Public Hospitals

We commit to improving the nation's public healthcare infrastructure by ensuring that existing government funds are used efficiently and effectively.

C. Uphold the Alma-Ata Declaration of 1978

The Alma-Ata Declaration of 1978 includes three of the eight essential elements of primary health care, namely: appropriate technology,

community involvement, and health promotion. We undertake to respond to the need for urgent action to protect and promote the health of the people by upholding these essential elements.

D. Uphold the Declaration of Principles and Policies under the Universal Health Care Act of 2019

We commit to protect and promote the right to health of all Filipinos and instill health consciousness among them. To ensure that all Filipinos are guaranteed equitable access to quality and affordable health care goods and services, and protected against financial risk, we are dedicated to espousing:

1. An integrated and comprehensive approach to ensure that all Filipinos are health literate, provided with healthy living conditions, and protected from hazards and risks that could affect their health;
2. A health care model that provides all Filipinos access to a comprehensive set of quality and cost-effective, promotive, preventive, curative, rehabilitative and palliative health services without causing financial hardship, and prioritizes the needs of the population who cannot afford such services;
3. A framework that fosters a whole-of-system, whole-of-government, and whole-of-society approach in the development, implementation, monitoring, and evaluation of health policies, programs and plans; and
4. A people-oriented approach for the delivery of health services that is centered on people's needs and well-being, and cognizant of the differences in culture, values, and beliefs.

II. COLLABORATIVE ACTIONS

To accomplish our collective vision, we aim to adopt the following specific measures:

A. Actualize our G.O.A.L

To ensure that members of low-income families are provided with comprehensive healthcare services, we commit to deliver:

G- Libreng **GAMOT**

O- Libreng **OPERASYON**

A- Libre at Tamang **ABISONG**

MEDIKAL

L- Libreng **LAB TESTS**

We aim to achieve our **GOAL** by ensuring that the government covers everything from basic care to specialized treatments, providing vulnerable Filipinos with access to quality healthcare without the burden of costs. To achieve this, we propose the following strategies:

B. Champion the Enhancement of the Doctor to the Barrios Program:

We will advocate for the mobilization of healthcare professionals to deliver medical services in the barrios, ensuring that all Filipinos have access to quality healthcare. We also aim to enhance health literacy, and promote preventive health practices in our barrios. Furthermore, we will support the healthcare professionals involved in the Doctor to the Barrios program by providing them with incentives, development opportunities, and financial benefits.

C. Provide health card that gives unlimited medical coverage in government hospitals among patients within the poverty line and below.

This Health Card will cover everything from basic care to specialized treatments, giving vulnerable Filipinos access to quality healthcare without the worry of costs. This will also help reduce corruption by monitoring and preventing false claims, ensuring that medical resources are allocated to those who truly need them.

Through this initiative, we aspire to save lives, combat fraud, and guarantee that every Filipino has the right to access the healthcare they deserve.

D. Modernize all government hospitals by optimizing healthcare

budget allocations.

Rather than focusing on new investments, the party-list aims to optimize the allocation of current resources to modernize and enhance government hospitals and health centers across the country. This includes prioritizing the repair, upgrade, and proper utilization of existing facilities, ensuring that they are well- equipped and staffed with qualified medical professionals. We will advocate for reforms that streamline operations and improve the management of public healthcare facilities, creating a system where every Filipino can access timely, high-quality care without the need for excessive additional spending.

E. Enact Penal Laws that Provide for Stringent Penalties for the Misappropriation of Healthcare Funds.

To combat corruption, we commit to legislate penal laws that will classify the misappropriation of budget allocated to healthcare programs and initiatives as a non-bailable offense.

F. GUIDING PRINCIPLES

- a. **Adherence to fair election practices.** To ensure the holding of free, orderly, honest, peaceful and credible elections.
- b. **Accountability and Integrity.** To serve with utmost responsibility, integrity, loyalty, and efficiency; to act with patriotism and justice, and lead modest lives.
- c. **Commitment to public interest.** To always uphold the public interest over and above personal interest.
- d. **Professionalism.** To perform and discharge our duties with the highest degree of excellence, professionalism, intelligence and skill.
- e. **Justness and sincerity.** To always remain true to the people and to act with justness and sincerity and not to discriminate against anyone, especially the poor and the underprivileged.

- h. **Nationalism and patriotism.** To at all times be loyal to the Republic and to the Filipino people.
- i. **Commitment to democracy.** To at all times uphold the Constitution and put loyalty to country above loyalty to persons or party.
- j. **Simple living.** To lead modest lives and not indulge in extravagant or ostentatious display of wealth in any form.

G. CALL TO ACTION

As candidates united in purpose, we invite all Filipinos, here and abroad, to join us in pursuit of our platform of government. We call on all citizens to engage with us, share their concerns, and hold us accountable. Together, let us harness our collective efforts to achieve our vision of health for every Filipino. Let no Filipino be left behind in receiving quality health care.

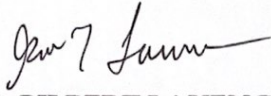

H. OUR PLEDGE

In solidarity, we pledge to uphold our shared platform of government, collaborative actions, and guiding principles as outlined above. We pledge to foster an environment of teamwork and cooperation, valuing our diverse perspectives, expertise, backgrounds, and experiences. We commit to building a healthcare system that reflects the fundamental right of every Filipino to access quality healthcare. United in purpose, we commit to working alongside each other to fulfill our platform goals, even beyond the boundaries of politics and elections.
